THE MOST SUCCESSFUL AUCTION TO DATE.

The latest e-TOC auction for RTFCs took place on Thursday 18th August and it was the most successful auction to date with over 15.5 million certificates sold. The year 4 certificates sold at an average of 23.5p to a number of successful buyers.

The auction is an established trading platform for both buyers and sellers, with the advantage of being able to maintain anonymity.

The RTFO redemption deadline is 5th October and therefore to enable Buyers to finalise their positions we will be running the next RTFO auction on **Thursday 8th September.**

Remember you can still use 25% of year 2 certificates to meet your year 3 obligation on 5th October 2011 and then carry forward any excess year 3 certificates into year 4.
