

Next RTFC Auction Tuesday 20th December

The RTFC auction is a well-established trading platform that is liked by both buyers and sellers. As a buyer you can maintain anonymity and as a seller the auction gives you access to all the major obligated suppliers and the ability to consolidate certificates with others.

RTFO certificates are due to be issued this week end therefore we will be running the next monthly RTFO auction on **Tuesday 20th December.**

If you would like any further information on the auctions please contact Melanie Reay on 0191 245 7330.
