

Results of 19th January 2011 RTFC Auction

FIRST AUCTION OF 2011 IS THE MOST SUCCESSFUL TO DATE.

The e-TOC auction for RTFCs took place on Wednesday 19th January and it was a great start to the new year as it was the most successful auction to date with almost 9 million certificates sold. Period 2 certificates sold at an average of 12.5p and period 3 certificates reached an average of 24.10p (an increase of 21% from the average price of 19.90p achieved in the December auction).

Due to a high level of interest and strong competitive bidding all period 3 certificates were sold.

The auction is an established trading platform for both buyers and sellers, with the advantage of being able to maintain anonymity.

Please see attached a chart showing average prices achieved on the e-TOC auctions since May 2010.

The next scheduled monthly auctions will be

- Wednesday 16th February
- Wednesday 16th March
- Wednesday 20th April
- Tuesday 24th May
- Thursday 16th June

Please contact Melanie Reay on 0191 245 7330 for more details.
