

Results of 20th October 2010 RTFC Auction**ANOTHER SUCCESSFUL RTFC AUCTION!**

The e-TOC auction for RTFCs took place on Wednesday 20th October with 2.5 million certificates sold. Year 2 certificates were sold for at an average of 11.55p (0.22p higher than the September auction average) and year 3 certificates reached an average price of 15.96p (0.56p higher than the September auction).

As well as larger producers' certificates selling in the auction, all certificates placed in the auction by smaller producers were sold as they were aggregated to create larger lots making them attractive to buyers.

The auction continues to provide an ideal platform for both sellers and buyers, it is user-friendly and a convenient way of trading RTFCs, and of course the auction platform allows buyers to maintain their anonymity.

The next scheduled monthly auctions will be on Wednesday 17th November and Wednesday 22nd December.
