

Next RTFC Auction 8th September 2011

The August e-TOC auction for RTFCs was the most successful auction to date with over 15.5 million certificates sold.

The auction is a well-established trading platform liked by both buyers and sellers. As a buyer you can maintain anonymity and as a seller the auction gives you access to all the major obligated suppliers.

The RTFO redemption deadline is 5th October and therefore to enable buyers to finalise their positions we will be running the next RTFO auction on **Thursday 8th September**. We expect to have in excess of 10 million certificates for sale.

Note you can still use 25% of year 2 certificates to meet your year 3 obligation on 5th October 2011 and then carry forward any excess year 3 certificates into year 4.

If you would like any further information on the auctions please contact Melanie Reay on 0191 245 7330.
